

NEW: Jauch SAW Product Family

Jauch extends its product range and announces the Surface Acoustic Wave product family.

NEW: Jauch SAW Product Family

The Jauch SAW product family contains Radio Frequency (RF) and Intermediate Frequency (IF) Bandpass-filter as well as SAW-Resonators.

The SAW products may typically be used for wireless and wired communication systems like digital modems, pagers, cordless phones, mobile phones, remote keyless entry (RKE), base stations, repeaters, SONET/SDH, PLC communication, cable-TV/HDTV, GPS-receiver and wireless communication-systems like bluetooth, WiMax, WLAN, Zigbee etc.

Key-Features of Jauch SAW products:

- Frequency range up to 2600 MHz
- many different package types available
- very competitive price
- Jauch SAW products are available with single ended / balanced and with balanced I/O
- excellent reliability and shock resistance
- available for extended operating temperature range -40°C ~ +85°C

Jauch offers pre developed as well as custom-made SAW products.

We provide technical support to implement our components in your applications.

All Jauch SAW products are RoHS compliant and lead free.
