

## Loranger International Corp.

Your Turn Key Solution For Sockets and Boards For Over 30 Years

Over the past 10 years, Loranger has developed sockets for QFN and LGA packages with **Dual Row pads**.

Loranger utilizes special Loranger **APS contacts** for pitch of **0.25mm** and greater.

Sockets are surface mount, have thermal management options, and are available for a wide range of package sizes.

With over 30 years of experience in designing and manufacturing burn-in sockets, printed circuit boards and environmental systems, Loranger International offers turn-key solutions for your test and burn-in requirements.
