

# LTW<sup>®</sup> Innovator & Manufacturer of Waterproof and Environmental-Proof World

Waterproof & Watertight

## M8 & M10.5 Connectors

Today's latest product from LTW. . .

### M-Series - Field Installable with Screw-in Contacts – M8 and M10.5

From M12 to M8 and M10.5 series, LTW offers a variety of high quality M-series for Field Installable, Panel mount, and Molded with Cable that is available in plastic and metal version and comes with different sizes and variants.

It was developed to address the continuing needs for the miniaturization and high density construction in meeting the most demanding requirements in Factory Automation application such as packing machines, process machinery, transfer lines, automatic warehouse, textile machine, electronic component assembly lines, bottling and filling machines.

Specification:	
Current Rating	2A, 5A
Material	Brass, Gold Plated for pins and Nylon or PU for connector body
Pin Configuration	2 to 8 pins depending on connector size
Mating Style	Screw or Quick (M8 only)
Available In	Panel, Molded with Cable or Field Installable PCB or Solder, Rear and Front Mount Straight or Right Angle with or without strain relief (SR)
Waterproof Rating	IP66, IP67, and IP68

Generally, LTW's M-series is perfectly suitable for application involving all types of sensors and actuators in automation that offers safety in harsh environmental conditions including corrosion, shock vibration, dust, moisture buildup and extremely adverse installation situations.
