

## > Product Application

LTW supplies various waterproof solutions which could be met a wide variety of applications around the world. Here is the summary about LTW product application for different industries and help you to search suitable products.

### Automotive (Electric Motorcar & Automobile):

**Car Parking Sensor:** Sensor Connector

**Engine Controller:** Circular Connector

**Other options:** Mini Din Connector, USB Connector, IEEE1394 Connector, 3 Points Lock Connector, Cable Connector...etc.

### Audio/Video:

**Outdoor TV:** HDMI Connector, D-SUB Connector, DVI Connector & RCA Connector

**Outdoor Audio:** Circular Connector, D-SUB Connector, Phone Jack & DC Jack

**Outdoor Display:** LED Connector, Circular Connector, 3 Points Lock Connector

**Other options:** Mini Din Connector & Power Connector

### Communications:

**VHF:** Circular Connector

**Outdoor AP:** AP Box, RJ45 Connector, Circular Connector, Power Connector

**Other options:** LED Connector, RF Connector, Vent Connector, Fiber Optic Connector, TNC & RCA Connector...etc

### Industrial Equipments:

**Automation Machine:** Sensor Connector, Circular Connector & Power Connector

**IPC:** Circular Connector, USB Connector, RJ45 Connector & D-SUB Connector

**Light Curtain:** Circular Connector & Sensor Connector

**Other options:** Power Connector, Mini Din Connector, RJ45 Connector, Cable Connector...etc

**Marine:**

**GPS:** RJ45 Connector, Circular Connector & Low Profile Connector

**Fish finder:** RJ45 Connector, Circular Connector & Sensor Connector

**Radar & Engine:** NMEA 2000 Connector, Circular Connector & USB Connector

**Other options:** HDMI, DVI Connector & Fiber Optic Connector

**Military:**

**Radar:** RF Connector, Circular Connector

**Communication Equipments:** D-SUB, RF Connector & Vent Connector

**Other options:** RJ45 Connector, Power Connector & Fiber Optic Connector

**Power Energy:**

**Photovoltaic system:** Solar Connector & Solar Junction Box

**Wind Power System:** Circular Connector & Power Connector

**Test and Measurement:**

**Test instruments:** Sensor Connector, Circular Connector & RJ45 Connector

**Electronic Scale:** Sensor Connector & Circular Connector
