

LTW[®] INNOVATOR & MANUFACTURER OF WATERPROOF
AND ENVIRONMENT-PROOF WORLD

Waterproof Junction Box

LTW offers non conductive plastic Junction Box used to enclose exposed end of conductors leads and are entered through cable glands for mounting electrical or high-tech electronic equipment for outdoor in commercial and general industrial applications.

The junction box is designed for protection in harsh environments that is capable of withstanding temperature from -40°C to 80°C meeting IP67 and with UV resistant up to 300 hours max. It is available in gray color having the dimension of 130x130x75mm.

You have the option of buying a very through range of Cable glands which are designed to withstand pressure, contamination and fluid ingress with IP68 rating; and selection from other IP67 connectors can be found in our website that will completely meet your requirements.

LTW accepts custom-made Junction box !!!
