

Today's Latest Product from LTW:
M12 Plastic Female Panel Mount

23rd of July 2009

LTW offers a variety of high quality M-Series Sensor Connectors from market standard to highly customized solutions. Now, LTW creates another breakthrough as it introduces the latest from its series --- the *M12 Plastic Female Plate Mount*.

It is developed to address the continuing needs in meeting the most demanding requirement for applications where corrosive and harsh environment are present. In addition, it is robust, rated IP68 and suitable as an alternative cost effective solution to metal housings.

Specification:

Available Contact:	5Pins (3, 4, and 8Pins upon request)
Current Rating:	3~5Pin (5A); 8Pin (2A)
Temperature Range:	-25°C to 90 °C
Degree of Protection:	IP68
Termination/Mounting:	Solder or PCB Pins / Front Mounting
Fixing Thread:	M16*1.5
Material:	Nylon+GF (UL94V-0) for connector body and housing Copper Alloy, Gold Plated for Contacts

Generally, LTW's M-Series is perfectly suitable for industrial equipment, machinery, and involving all types of sensors and actuators in automation applications that offers safety in harsh environmental conditions including corrosion, shock vibration, dust, moisture buildup and extremely adverse installation situations.

Besides these standard products, LTW is the most flexible manufacturer capable of providing you custom solutions. We are manufacturing since 1993, and specialized in products for harsh environment: Connectors, Cable Assemblies and Turn Key solutions. LTW has the solution to your needs.

Contact our sales representative for further information or visit our website for more connector products that will surely meet your needs and expectation.

About LTW:

LTW Technology, established in 1993, is a professional designer and manufacturer of waterproof connectors. Around 90% of our products are distributed worldwide with LTW's own brand and 80% of sales revenues are from exporting. NOW, LTW is considered as the only manufacturer focusing on outdoor waterproof connectors in Asia.
