

## The HDMI Solution

**If the source is digital the standard is HDMI and your solution provider is MH.**

MH now have available their complete solution in HDMI products.

Our range consists of:

**MH HDMI Cables:** Delivering crystal clear all digital audio and video via a single cable, providing an interconnect between any HD Sources.

**MH HDMI Wall Plates:** The use of a HDMI wall plate allows you to easily route HDMI connections. Eliminate messy cables and gaping holes by installing your cables in your walls and using a wall plate to connect to.

**MH HDMI Splitter:** A HDMI splitter allows you to connect the output from a single HD source to separate HDMI equipped displays.

**MH HDMI Switch:** A HDMI switch allows a number of sources to be connected into one HDMI display, thus removing the need to keep disconnecting and reconnecting sources.

**MH HDMI Repeater:** A HDMI repeater allows cables to be joined to carry signals over longer distances.

**MH HDMI over CAT 5:** HDMI over Cat5/6 extends your HDMI signal over 60M (using Cat 6 and 40M using Cat 5) away from your HDMI sources using cost effective Cat5/6 cables.

**MH HDMI Adaptors:** Available in Angled, A-C Style, and Coupler versions offering solutions for most needs. Also available with HDMI-DVI to allow the interchange between the two technologies.
