

ALL BEST AIMS FOR THE BEST

Mini SAS Series

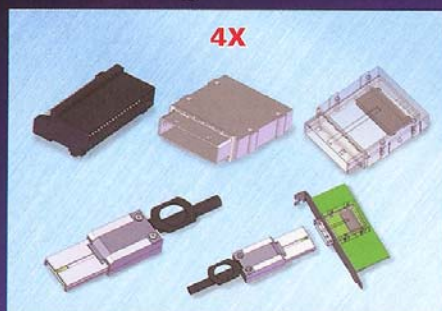

Product Features

- 0.8mm Pitch SMT Type
- High Temp Thermoplastic
- Die-cast Guide Frame for EMI Prevention
- Low Profile Height
- 100 Ohm Controlled Impedance
- 26 Pins for 4X External Application and 36 Pins for 4X Internal with Side Band

Recommended Applications

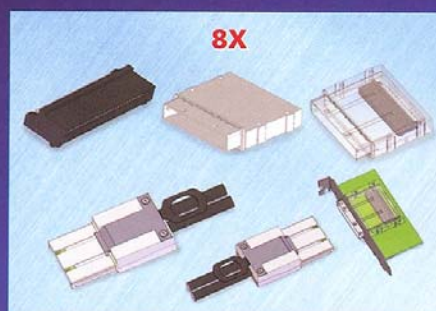

- Host Bus Adapters
- Server Expansion I/O
- Storage Systems
- Computer Servers
- Networking Switches and Routers
- Computer Servers
- Raid Controllers

PCI Express Series

Product Features

- 0.8mm Pitch SMT Type
- High Temp Thermoplastic
- Die-cast Guide Frame for EMI Prevention
- Low Profile Height
- 100 Ohm Controlled Impedance
- 38 Pins for 4X and 68 Pins for 8X

Recommended Applications

- Host Bus Adapters
- Server Expansion I/O
- Storage Systems
- Computer Servers
- Networking Switches and Routers
- Computer Servers
- Raid Controllers
