

What's New

These exciting products are available from B.C.E. Srl so you know that Quality is guaranteed.

The DTZF comes with several benefits and features including:

- **Excellent EMI Shielding**
- **Rubber Strain Relief Grommet included in every kit**
- **Available in 4 sizes from 9 way through 37 way**
- **Supplied with pre-mounted Locking Screws**

Hot on the heels of the release of the new DTZF range of Hoods, we're pleased to confirm that its sister product D45ZF is also available now!!

This side entry D Connector Hood, is the perfect compliment to our existing D Hood Family. Once again the D45ZF Hood is available with some excellent features including:

- **Excellent EMI Shielding**
- **Rubber Strain Relief Grommet included in every kit**
- **Available in 4 sizes from 9 way through 37 way**
- **Supplied with pre-mounted Locking Screws**
