HM INTERNATIONAL

Frequency Technology

HM International is the premier manufacturer and supplier in Belgium of frequency control products combining quality, technical expertise and component availability. Staffed by friendly personnel, marketing is supported by technical design and development engineers. The company is dedicated to the provision of technological solutions to customer needs and recognises that continued success and growth is dependent upon customer satisfaction. With such dedication, determination and professionalism, HM International's customers are assured of prompt service and superior quality. HM International's policy is to continually develop and expand its range of frequency control product. However, continuous product development allows us to look at any new product in which you have an interest. Should you be unable to find the exact product to match your requirements, then please contact our sales department.

- 
- 
- Special Services
 - Prototype service for your R&D and Engineering department
 - Custom design options available
 - Courier service "door to door"
 - Express manufacturing service
 - Competitive prices for superior quality

YOUR FREQUENCY IS OUR COMMAND

QUARTZ CRYSTALS

- Quartz Crystal - SMD - Ceramic Package
- SMD - Metal/Ceramic Package
- SMD - Metal Package / Molded Base
- Pin Type - Metal Package
- Tuning Fork Crystal - SMD
- Tuning Fork Crystal - Pin Type

QUARTZ CRYSTAL OSCILLATORS

- HCMOS/LVPECL/LVDS/HCSL - SMD - Ceramic/Metal Package
- Programmable - HCMOS - SMD - Ceramic Package
- HCMOS/LVPECL/LVDS - Pin Type - Full Metal Package
- VCXO - HCMOS/LVPECL/LVDS/HCSL - SMD - Ceramic / Metal Package
- VCXO - HCMOS/LVPECL/LVDS/HCSL - Pin Type - Full Metal Package
- (VC) TCXO - Clipped Sine/HCMOS/LVPECL/LVDS - SMD Ceramic/Metal Package
- (VC) TCXO - Clipped Sine/HCMOS/LVPECL/LVDS - Pin Type - Full Metal Package
- Spread Spectrum Oscillator - HCMOS -SMD Ceramic / Metal
- OCXO - SMD & Pin Type
