Wire Harness and Cable Harness Assemblies

- Customer support inclusive design
- Good at integrated molding for connection solution
- Custom-made modifications and improvement
- Specified or equivalent components sourcing and procurement
- Prototypes available
- Flexible order volume
- 100% function testing
- Focus on the connections for Industrial equipment, Automation industries, Robotics, Automotive diagnostics, Medical instruments, Telecommunications, Weather measurement & monitoring, Construction machinery, Military equipments, Boats-manufacture, DC and driven machinery, Home appliances, Floor washing machines and more
