JUNCTION BOX

GSEE-TECH provides various 4ports / 6ports / 8ports / 10ports / 12ports for M8, M12 and 7/8" Junction boxes.

All the Junction boxes can have led-indicators. Based on different requirement, junction boxes have integrated cable version, terminal connection version and connector version.

Compared to the standard version, GSEE-TECH boxes are smarter now. We have junction boxes which can be installed on the rail guide directly, boxes have diagnose function, PNP to NPN adjustable version, boxes can be set up address directly, etc. Challenge us with your new thought!

GSEE TECH

PRE-MOULDING CONNECTIVITY

GSEE-TECH provide M5~M40 full range of pre-moulding connectivity which can easily and conveniently fit with all kinds of industrial device, power, etc.

SPLITTER

GSEE-TECH splitter have different version of 2-4 branches. Both M8 and M12 have standard version and Compact version. With the requirement of customer visual management, we provides different color(BK, YE, BU, etc.). Customer can have any length of the branch cable with the incremental of 0.1m.

M16
2-8, 12, 14, 19pins, Max.600V,20A

M8 8
3,4,6pins, Max.125V,4A

7/8"
3-5 pins Max.600V,9A

M23
6-9, 12, 19pins Max.600V,30A

INDUSTRIAL NETWORK CONNECTOR

GSEE-TECH network connectors can fulfill kinds of network protocols. Provide safety assurance for the commutation in different industry application.

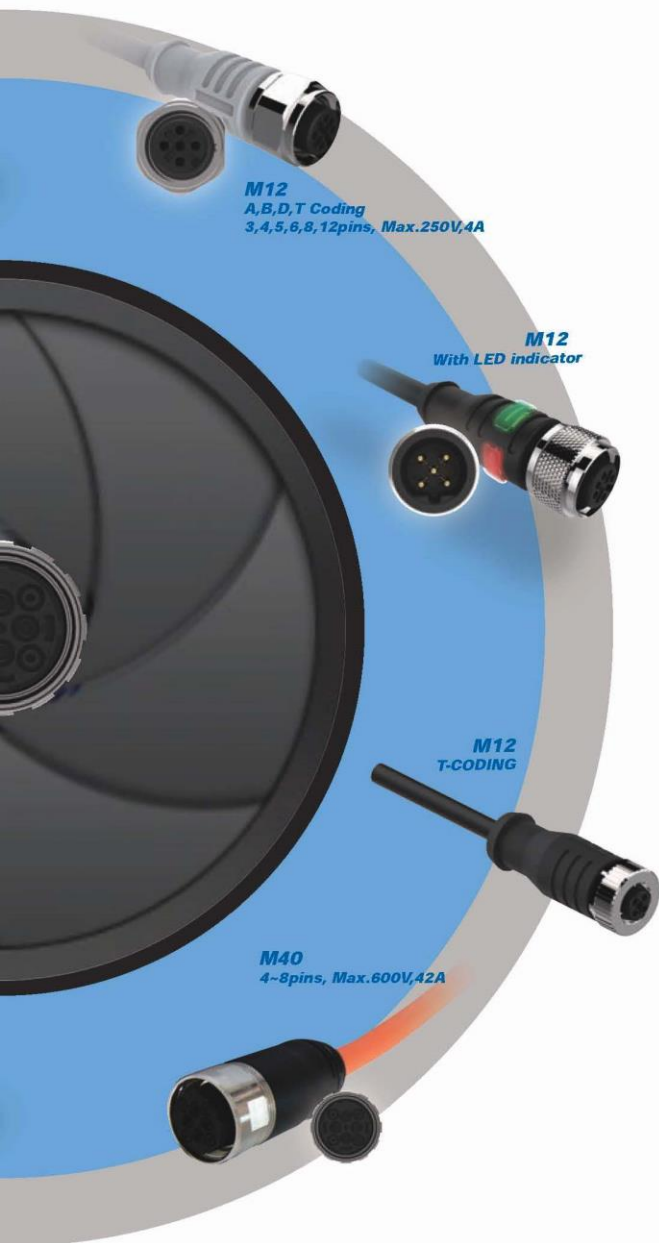

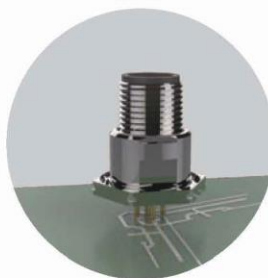

M12
4,8,pins, Max.250V,4A

GSEE TECH

RECEPTACLE

We provide different size of receptacles with any length of cable. M5, M8, M12, M16, 7/8", M23, M40 etc.

Available With Plenty Of Mechanical Connection:

Metric thread, English screw, NPT, NPSM, PG, etc.

Different Mounting Method:

Rear mount, Front mount

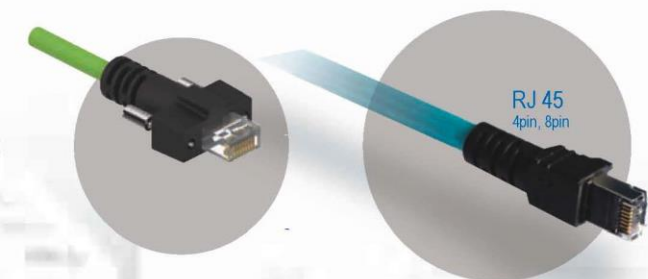

Different Housing Material:

Stainless steel, Nickel plated brass, Nylon, etc.

FIELD WIREABLE CONNECTIVITY

GSEE-TECH provide field wireable connectivity such as M8, M12, 7/8", M16, M23, RJ45, etc. Customer can choose normal housing material and full metal housing for good shielding ability. Screw terminal, solder terminal, and IDC terminal can fulfill different application. All types of field wireable connectors have straight, angled, male and female configuration and can reach IP67 protection.

RJ 45
4pin, 8pin

GSEE TECH

INDUSTRY MACHINE LED LIGHTING SYSTEM

Use in Milling Machine, Workplace, etc., and other harshest industrial environments need high waterproof, dustproof performance of the industrial unit of work.

- **Variety:** various dimensions meet different installation needs
- **IP67:** Rugged aluminum housing and tempered glass windows
- **Long Life Time:** After 50,000 hours, the light decay less than 30%
- **Simple wiring:** Cabled and quick-disconnect models available
- **Intelligent Control:** Easy to join in the whole intelligent control system

GSEE TECH

INDUCTIVE SENSORS

Full range products for different applications, absolute perfect positioning detection!

- Different housing design are available: Ø3 to M80 and cubic
- Sensing distance: 0.8mm~100mm optional
- High pressure resistance series (Up to 1000 bar)
- Weld field immunity series (Cylinder & Rectangular)
- Extended temperature range series (Low -60°C to high +250°C)
- High protection degree: up to IP69K for extreme environment
