

GIW5311 Bluetooth Communication module

Product type: GIW5311

Working frequency: Bluetooth 2.4GHz

Transmitting frequency: 100mW(EIRP)

Communication mode: Master/Slave mode

Protocol: PROFINET

Communication type: WLAN 802.11 b/g/n

Port: 10/100BASE-T automation

Communication distance: Max. 100m

Antenna connector: SMA-50 Ohm

Power voltage: 24VDC

Current: 150mA @24V

Temperature: -20...60° C

Weight: 120 g

Protection class: IP65

Size: 88(W) x 42(D) x 120(H)mm

Power connector: M12 A-code Male

PROFINET port: M12 D-code Female

Installing method: 4 hole install

Weight: 280g
