USB-C Female to USB-A Male, 3.1 Gen 2 Adapter

Features:

Up to 10Gbps data transfer speeds when connected to a supported device.
Short body to easy using

Do you have all new USB Type-C™ devices, but no more USB-C™ ports? With this Simula USB-C to USB-A 3.1 Gen 2 Adapter, you can connect your USB Type-C device to a compatible USB Type-A port. With the ability to identify the orientation of the Type-C connector, you don't have to worry about losing any data speeds if connected the wrong way. Supporting the USB 3.1 Gen 2 standard, this adapter can connect and transfer data at speeds up to 10Gbps through a compatible connection.
