

X-Lok Series Mini Size

Alternative Solution to M12
Push Lock Design

Plastic and Metal NEW

- Power AC/DC, data, signal or hybrid
- Up to 33 contacts / high speed data transmission
- Robust, secure and reliable for harsh environments

Amphenol LTW X-Lok Push Lock Series

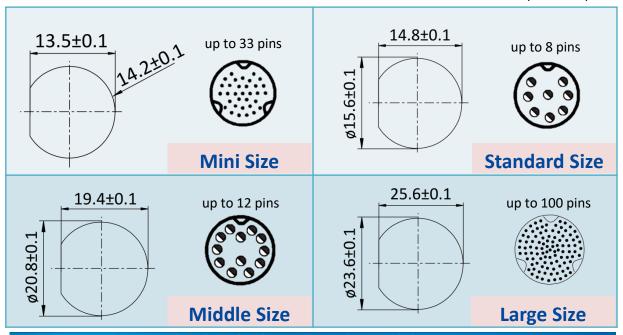

Blind Mating & Audio Feedback

Product Overview

Amphenol LTW's X-Lok Series connectors available in metal or plastic are presented in various sizes for power, data, signal or hybrid for fast, robust, simple, secure and reliable connections. Featuring a push lock mechanism for intuitive mating with audible and tactile feedback.

The X-Lok Series are foolproof, intuitive and enable quicker installation than traditional threaded solutions. With UL1977 & 2238+50e certification, ALTW's X-Lok is your ideal solution for outdoor applications.

Panel cut out: (unit: mm)

Amphenol LTW X-Lok Push Lock Series

Robust Mechanical Design

Applications

- LED
- Industrial automation
- Heavy equipment
- Railway mass transit
- Renewable energies
- Hybrid electric vehicles
- Medical
- Lifts and materials handling
- Broadband wireless access
- Transportation
- Remote video response center
- Marine Electronics
- Autonomous Vehicles
- Automotive diagnostics
- Automated meter reading
- Test and measurement equipment
- Rugged IT

Amphenol LTW X-Lok Push Lock Series | Mini Size

Alternative Solution to M12

Features

- Blind mate, easy plug and unplug
- Plastic and metal (shielded/non-shielded)
- Stainless steel available
- Contact density up to 33 contacts
- Power AC/DC, data, signal or hybrid
- Nominal current 0.5A ~ 16A, rated voltage up to 630V
- High data transmission up to 10 Gbps
- Long service life ≥ 1,000 cycles
- Salt spray (mated): plastic 1,000h, metal 96h
- Support overmolded with LED indicators
- Saving on-site installation time & costs
- Exponentially increase installation outputs
- Ingress protection IP68
- Receptacle (with wires), overmolded, field installable, accessories
