Sockets & Adapters**

70GHz Elastomer Socket Supporting 28 Watt Power Dissipation

Quickly and easily Socket your 37.5x37.5mm, 0.65mm pitch BGA packages on any application board with performance equivalent to direct solder version. Socket has heatsink + fan with swivel lid which incorporates a quick insertion method so that IC's can be changed out quickly !

Ironwood Electronics, Inc. offers high performance test sockets and adapters for both engineering and production use of semiconductor devices. IC packages covered include QFN, BGA, SOIC, QFP, LGA, WLCSP and other SMT packages. Our GHz line of sockets with 6 different contact technologies supports up to 110 GHz bandwidth, $\geq 0.2\text{mm}$ pitch, ≤ 10000 pins, 500K insertions and the smallest footprint in the industry !

High Performance Sockets & Adapters
